Elevation C with Brick

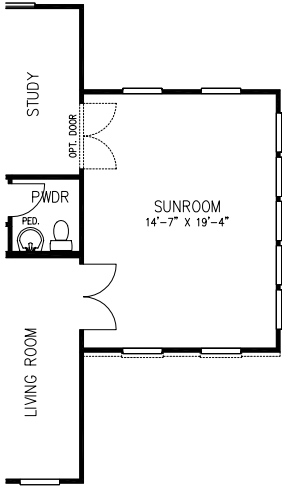

The Belvedere

You will be delighted by the use of a “T” shaped staircase to expand the livability of this design.

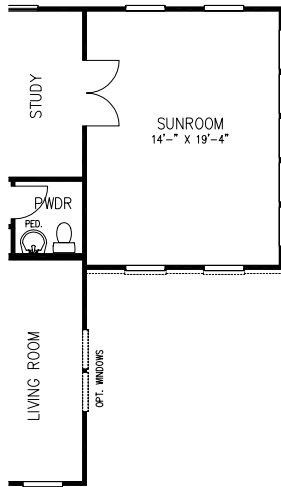

The Belvedere boasts large rooms throughout including the three secondary bedrooms.

The family room view is framed with columns that draw attention to the focal point fireplace or an optional eyebrow window. The gourmet kitchen spills over into a light filled morning room. The first floor study wraps up this wonderful living space package. Upstairs, the expansive owner’s suite pampers one with spacious sitting area, a luxurious bath suite along with an optional covered balcony to enjoy coffee on. This plan also presents the opportunity for an optional two-story side sunroom where the second floor is a “children’s family room.”
